

2nd National Seminar on Institutional Repositories in NZ

Sponsored by CONZUL

Monday 28th May 2007

Venue: Coppertop at University of Canterbury - 8.30am-5pm

Registrations are invited from participants from all tertiary sectors involved in Institutional Repositories in New Zealand. There is no cost to participants.

The seminar covers:

1. Current tertiary Institutional Repositories projects in NZ, LCONZ, Ira, OARiNZ, Rubric and CODA
2. Harvesting from Institutional Repositories including the National Research Discovery Service (NRDS) from the National Library of NZ
3. Implementing an Institutional Repository
4. Opportunities to work alongside your Research Office
5. Success Factors and Future Directions

Keynote speaker: Professor Tom Cochrane, Deputy Vice-Chancellor (Technology, Information and Learning Support) at the Queensland University of Technology will address current issues facing Institutions in the Research sector.
